

Child Care WAGE\$[®] IOWA

Child Development Home Provider Schedule Worksheet

This sheet helps us determine your typical work schedule and enrollment. If current enrollment does not reflect an average month, use the most recent month which does.

- You do not need to list the children’s names, but you must list each child individually.
- What time does each child typically arrive and when does s/he leave? Please list the typical days and hours each child attends your program in the middle box. All part-time and full-time children should be listed here.
- Indicate in the last column if subsidy helps cover the cost of care for each child.
