

Resource Overview Training

December 21, 9:00-10:00 a.m. by Zoom

Every day, you make a difference by helping kids grow smarter, stronger, and kinder. With the help of your friends on Sesame Street, Rhonda Rairden-Nelson with Project LAUNCH and Sarah Welch with Iowa ACEs 360 are excited to share with you a **free resource** to use in your neighborhood to unite communities, foster families' resilience, and nurture children's physical and mental health in fun and furry ways. Over the course of an hour, you'll have the chance to:

- Learn about the **Sesame Street in Communities** initiative
- Explore **FREE Sesame** printable and digital resources, and
- Create a profile to access these resources no matter where you are!

RSVP: <https://conta.cc/3gB1FJ7>

This training is offered in partnership with the Iowa Alliance for Healthy Kids, a group that is working to improve the social and emotional well-being of young children in Iowa. The Alliance has teamed up with Sesame Street in Communities to give parents, caregivers, providers, and our community messages and tools to promote nurturing relationships within families and to build social-emotional skills with kids. Get connected to this initiative at www.iowaallianceforhealthykids.org
